. . . we, the students of St. John's High School feel that we should honour those members of our teaching staff, who have dedicated themselves to us. To us, to spend a minimum of ten years at St. John's would be a very stiff sentence, but these nineteen have taken it without complaint. They are doing everything in their power to educate us, and as a special tribute to them, we respectfully dedicate this edition of the St. John's Torch to them.

Canada's

In 1867, on the eve of Confederation, there were but three million persons in all six of the provinces and colonies of British North America. In 1967, Canada enters the second century of Confederation as the second largest country, in size, in the world, populated by some twenty million "Canadians". A year-long celebration of the hundredth birthday of Confederation is Canada's tribute to good fortune and a salute to the next century.

To enable Centennial planning, the Centennial Commission, by Act of the Canadian Parliament, was empowered "to promote interest in, and to plan and implement programs and projects relating to the Centennial of Confederation in Canada in order that the Centennial may be observed throughout Canada in a manner in keeping with its national and historical significance." Thus read the terms reference of the Centennial Commission, but there have been few real guide lines to follow because of the lack of precedent in the absorbing task of preparing for the Centennial. Now, the result of this planning is being unveiled. There are beautiful and functional memorial structures to be dedicated in every province; extraordinary programs for the encouragement of the arts, particularly the performing and visual arts; and special nation-wide programs devised to mark Centennial Year.

Canada's early growth and, indeed, her very existence as a nation, following Confederation, depended on the construction of rail lines to link the provinces and to span the continent. It is fitting, therefore, that the Confederation Train should traverse the country in 1967 to remind Canadians of this historical fact. For the hundreds of thousands of Canadians, and their guests, who will visit the train as it stops across the country during 1967, it will be a lasting experience. They will come to know what it was like in Canada after the ice age left its mark upon the land. They will come face to face with the realities experienced by the first settlers and explorers. They will be able to pause and reflect upon the meaning and significance of Confederation itself in the chamber devoted to the memorable event.

The story which the Confederation Train tells is made available to Canadians distant from the rail lines through a series of eight motorized caravans. The caravans, each consisting of eight huge tractor trailer combinations, will carry essentially the same exhibits as the train, to 655 Canadian centres between May 1st and the end of November, 1967. The arrival of either the train or a caravan at a Canadian locality will be a time for local celebration and will be incorporated into the localities' own celebrations. For many smaller centres, it will be the highlight of the year.

At midnight, on January 1 and July 1, 1967, huge bonfires were and will be lighted, and all bells and carillons across Canada were and will be rung to commemorate the two most significant days in Canada's Centennial year. A torch was lighted on January 1st in each provincial capital, which will burn throughout the year. A Centennial celebration program was held in each city and town on the first day of this year, commemorating Canada's 100th birthday. So, as you see, everyone is participating and contributing to make this year stand out in the history of our country.

To the stirring strains of martial music, thirty-two scarlet-coated men astride shining steeds whirl and turn in the arena. The music quickens, and the horses answer its call, breaking from a trot to a canter, dancing through the intricate movements of the Shanghai Cross, the Dome, and the Maze. It is the famed Musical Ride of the Royal Canadian Mounted Police, the famous force created in 1880, to bring law and order to a rough new land. The Ride is a show which, since its inception in 1887, has never failed its audience with its beauty and perfection.

Festival Canada is Canada on stage. In the National Capital Area, it's the pomp and pageantry of Sir Tyrone Guthrie's historic spectacle. In Newfoundland, or Manitoba, or the Northwest Territories, it's the Stratford Shakespearean Festival Theatre going on a road tour for the first time. It's the Montreal Symphony Orchestra and the National Ballet playing to audiences who have never had a chance to see them perform. It's youth in the National Youth Orchestra. It's the rich culture of French Canada in Les Feux Follets and Le Theatre du Nouveau Monde. Or the showboat presentation of Le Theatre Flottant as it makes its port side stops along the St. Lawrence and the Great Lakes. It's all this and still more. It's popular entertainment by Don Messer and his Islanders. And it's Sir Laurence Olivier's National Theatre of Great Britain and the New York Philharmonic. It's the biggest show the country has ever seen.

Centennial

Drums--silence--the sound of the martial airs--the color of the Military Tattoo. It will be seen across Canada in some 40 cities and during some 150 performances during the celebration of Centennial Year, 1967. Authentic songs and drills, folk ballads and popular songs have been faithfully reproduced and many original compositions have been commissioned. The result is a unique form of entertainment as well as an historical tableau of Canada's military history.

For youth, already underway and reaching its peak in 1967, many thousands of teenage school children travelling with federal, provincial, and voluntary assistance, will visit points in Canada far distant from their homes, in order to learn at first hand the size of their country and the neighborliness and interests of the people who populate it. Special Centennial awards are planned for school children to encourage their participation in athletic events and to give them an incentive to improve their general physical condition. France, Britain, and Canada each will send 50 to 60 track and field stars to Ottawa for the August 26th Tri-Country Schoolboy Meet.

The Olympics of the Western Hemisphere are coming to Winnipeg, Manitoba, in 1967. Our fair city will host more than 2,500 athletes from 33 countries, plus the many thousands, and hundreds of thousands of visitors that we are expecting to attend this marvelous event. From July 22 to August 7 these athletes will compete in more than 400 events in 24 different sports. Every sport from track and field to sailing, basketball and swimming, will be contested. New facilities for both competitors and audience will be available--a new track and field stadium, an Olympic-size indoor swimming pool, and a large new velodrome.

For 100 days in 1967, from May 24 to September 2, there will be a commemoration for the voyageurs, who traversed the country in their canoes 100 years ago. The Voyageur Canoe Pageant will follow the routes from the Rockies in the west to Montreal in the east--through rivers, lakes, and streams, covering all of Canada. Dressed in the style of the first voyageurs, and in canoes bearing their names, the present-day travellers will cover some 3,500 miles. The canoes, replicas of those early ones, will be 25 feet long, double-pointed, and especially adapted for running rapids and crossing the large lakes. They will leave Rocky Mountain House outside Edmonton on May 24, and arrive on September 4 at Expo 67 in Montreal.

One of the few remaining unconquered mountain ranges, the Saint Elias Mountains in Southwest Yukon, will be challenged during Centennial Year Celebrations in Canada. The highest peak will be climbed separately and named Centennial Peak.

From April 28 to October 27, 1967, more than 70 nations will show Canada their traditions and cultures, their industrial development and their hopes for the future; Canada, in turn, will be showing her best to the world. The occasion will be the Universal and International Exhibition of 1967--the highlight of ceremonies celebrating 100 years of Canadian Confederation. The place will be Montreal, which also celebrates an anniversary that year--its 325th. The theme of this exhibition, entitled "Expo 67" is "Man and His World." It was inspired by the title of Antoine de Saint-Exupery's book "Terre des Hommes". The philosophy of this work and of the exhibition is summed up in the author's words: "To be a man is to feel that through one's own contribution one helps to build the World." The entire exhibition is designed around the theme. All participants are encouraged to relate their individual presentations to this theme, and the Corporation is devoting more than 20 acres to Theme areas. "Man and his World" will unfold the story of Man's hopes and aspirations, his ideas and his endeavours. The Theme will provide scope for a full inventory of the behaviour of Man in his environment and of his ideological, cultural, and scientific achievements.

But not everyone can establish a multi-billion dollar exhibition to show the world that he is contributing to Centennial. But each person can do what he is able to have the privilege of saying "I did something for Centennial." Whether it be planting a tree, burning an outhouse, roller-skating across Canada, getting an 80% average, or contributing fifty cents to help poor children in other parts of the world. Everyone is capable of doing something for Canada in her 100th birthday--no matter how insignificant it may seem. Every little bit helps.

St. John's Centennial Tea

The Centennial Tea was held on the evening of March 7th, and its smashing success was due to the combined efforts of both staff and students. Ricki Baron and Sharon Kliman were the capable co-chairwomen who headed the student effort. Cima Beliga was in charge of Publicity with Linda Chajkowski and Carolyn Rickey looking after Reception and Luba Fedorkiw and Eva Jilg taking care of Invitations. Alyce Gilman and Zoya Kozubowski were in charge of the Decoration committee. Congratulations on the beautiful job of decorating the gym! The task of organizing all the food fell to the Foods Committee, headed by Christine Cuddie and Jocelyn Bronstein. The experienced help of the teachers who pitched in was invaluable. These

include Miss Vant, Miss Knapp, Miss McWilliams, and Miss Christie and especially Miss Endersby and Miss Hodgson.

The Tea was held in conjunction with the official opening of the new school which was open to the visiting public that evening. The proceeds from the Tea went towards the Centennial Scholarship for a Grade XI student. It was awarded on the basis of scholastic achievement and extracurricular participation throughout the year to Mark Iveniuk.

Torch Editorial

Mark Iveniuk - Editor

Tom Ostry - Assistant Editor

How I should begin this editorial and what it should be based on posed quite a problem to me for some time. I had thought of possibly telling the student body of all the difficulties which this yearbook has encountered throughout the year, which are generally taken for granted by many of you who expect a "miracle" yearbook but, at the same time, refuse stubbornly to co-operate fully with all phases of yearbook organization, thus retarding our progress. However, I have decided against saying this. All I can say is that I hope there is greater co-operation with the 1968 Torch Staff.

Phew! Now, on with the Editorial: In this year, Canada's Centennial, much hullabaloo is being raised throughout the nation to mark the occasion. EXPO '67, a world's fair in Montreal, the Pan-Am Games here in Winnipeg and several other major events being held here in Canada, in conjunction with Centennial, are drawing the eyes of the world to focus on our land. What they see is a prosperous and free country which anyone would be glad to live in, but, in my opinion, the national unity and pride which our eloquent politicians speak of, unfortunately can not be seen by foreigners, or, for that matter even by we who dwell here. The reason being that almost all ethnic groups place their old-country ancestral heritage before their obligations and devotion, as Canadian citizens, to this country, even though, surprisingly enough these people may not only have been born here but, they may also be second or third generation "Canadians"!

Somewhere along the line since 1867, we have failed to create "one" country, a dream which I doubt will ever be fulfilled as long as we persist in placing our individual petty prides ahead of one immense pride which could, as a famous statesman said during the Laurier period, "make the 20th century, Canada's". Trying to be realistic, I think it to be too late to achieve this during the remaining 33 years but, maybe we can look forward to the 21st century optimistically for this "wonder" to evolve but only if we can eliminate this "cliquish" attitude which many people have instilled in themselves.

Thomas Carlyle said, "Let each become all that he was created capable of being." I would modestly like to add, "Let each of us unite to make Canada all that IT was created capable of being."

Mr. Ryckman's Message

Message to the Graduates:

Certainly this year of 1967 will be a memorable one for the graduating students of St. John's High School. This year saw the final completion of the new St. John's High School--a project which had its beginning in 1960. This year also marks Canada's one hundredth birthday, and you of the graduating classes face Janus-like in two directions. I am sure you are all proud of the heritage which has been given to you by those who built this great Canada of ours and I hope each of you will be inspired and challenged by the realization that no people on earth is in a better position than Canadians to make their country's future bright and significant. When we look at our past, we are the better enabled to understand what we are today and what we must do to make Canada's future worthy.

The past hundred years has seen our land grow and prosper by the pioneering efforts of farmers, woodsmen, trappers, explorers and our early statesmen, from an early agriculture state through an age of industrialization to our present affluent age of atomic power. We have made progress toward the elimination of poverty and sickness. There has been a vast increase in educational opportunities. Perhaps we have not achieved all that we might have achieved. Certainly we have not solved all the problems which have beset us in the past. To insure the continued betterment of this land--to discover new ways of living and doing things requires that same spirit of exploration and adventure which our predecessors possessed.

If I might paraphrase the words from Shakespeare's "Tempest":

"What's past is prologue,
What is to come is in your hands".

May I express to the members of the graduating class our appreciation of their contribution to the many phases of our school activities during their stay at St. John's, and we gratefully acknowledge their leadership and co-operation during this very busy year of 1967.

And finally, may I extend to all of you our sincere best wishes for success and happiness in your future endeavours. We shall watch your progress with interest.

A.J. Ryckman

Mr. McFarlane

Mr. McFarlane is our proficient Senior High vice-principal who is leaving his position here at St. John's in order to take over the duties of principal at Grant Park High School next fall. Mr. McFarlane has served St. John's both as a teacher and, more recently, in his important executive role. We will certainly always be indebted to him for his dedication to the field of education and we are sure, as we bid him farewell, that he will definitely be an asset to Grant Park.

Senior High President's Message

Lanny Simcoff
1966 - 1967
President

As this school year comes to a close, the students may look back and see what students, year in and year out, have seen before them. They may see the knowledge and experience they have gained and the friends they have made.

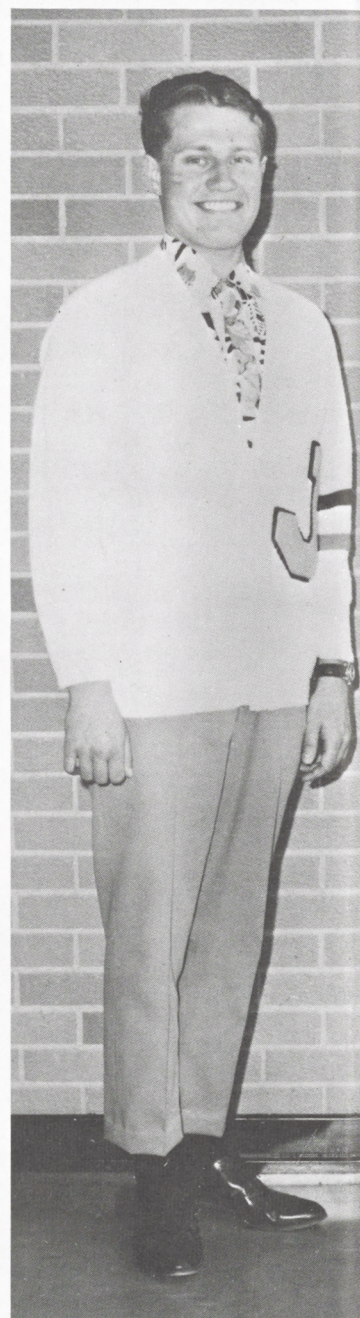

As always there were times of fun and participation; our school newspaper and yearbook, our successful teams, our operetta, drama club, and numerous other activities. As in many other cases we were not to be left without sorrow; for the passing of Mr. Leamen surprised and grieved us all. Though at St. John's only a short while, Mr. Leamen, unselfishly, devoted his time and experience to lead our choirs and operetta. We should be honoured that his last days were spent at St. John's.

On looking back, this year's students will, however, see more than students of other years. The 1966-1967 school year was one of the busiest and eventful that has occurred at St. John's. As did all of Canada, we helped celebrate our country's centennial. Projects were undertaken by our centennial club and council.

After the Christmas Holidays, we moved into a new building, a building with a carpeted library and lecture theatre, fully equipped science labs, a new gymnasium, and countless other facilities. The excitement of moving helped to lessen our sadness at the destruction of the old building which had served as a tradition for 57 years. It was in this building that the spirit of St. John's was born and raised. Here the school emblem, a flaming torch; the school motto, "Usque ad Astra"; the school hymn, Blake's 'Jerusalem' were all chosen. On a survey, an American company proclaimed St. John's as the high school which produced the most professional men per capita in all of North America.

Bearing in mind this tradition of St. John's, we have not let the spirit of St. John's fall with the old building, but have taken it along to the new building with us.

Senior High Council Report

The nineteen sixty-six, sixty-seven season was a full one for our council. Chairmen this year were President, Lanny Simcoff and Vice-President, Greg Berko.

Council supervised Study Halls and increased their number for a while. Various types of music were played in the lunchroom. Potato chips were sold in the lunchroom. Supply machines of paper and pens were also sponsored by council.

Council gave two awards at Graduation Ceremonies this year, both of fifty dollars. The Cultural Award went to Myroslava Pidhirnyj and the Centennial Scholarship went to Mark Iveniuk.

Various council members gave extra time to the cause. Heads of committees were: Lynn Berman and Colleen Savage - secretaries; Gerrard Grace - treasury; Irene Rymowicz - social; Alex Pursaga - publicity; Linda Flynn - rings and pins; Heather Tchir - J's and awards; Pearly Warkov - constitution; and two other fellows, Simcoff and Berko, rounded things out.

The Charity Drive was a success again this year producing about six hundred and twenty-five dollars. As an added treat, we held a student exchange between Washington High School in St. Paul, Minnesota and ourselves. We each exchanged two students for a week. For the four students it was a week well spent. The visit was planned out by Diana Rodeck, who incidentally, did a superb job.

Our foster child, Wong Yolk Sui, received a substantial amount of money this year. It was in the neighbourhood of two hundred dollars. He also received a personal visit from one of our student's relatives, who brought back pictures of Wong.

All in all, it was a successful year. Council thanks their advisors, Miss Hodgson and Mr. Boyce for their advice and time.

Junior High Council Report

The election of Penelope Hapichuk and Brian Bursten as Junior High president and vice-president climaxed a week of frenzied campaign activities. At the first council meeting, Alex Naumov was elected to the post of treasurer, and Linda Cznericki was chosen as secretary.

Our first dance, "The Haunt", was held in late October, with music provided by "Terry and the Gentry".

Throughout the year, Junior High students enthusiastically supported many school endeavours. It is hoped that this will continue in the coming years.

In February, a special touch was added to our second dance, the "Sweetheart Ball", when Patrick Savage and Donna Dul were crowned Sweetheart King and Queen.

The Grade Nine Grad '67, held on May 19, proved to be one of the most successful ever staged. The graduating students were allowed to bring escorts to complete their fun-filled evening.

We wish to express our appreciation to the many people involved in the numerous committees, and extend our gratitude to our council advisors, Mrs. Witwicki and Mr. Margolis.

Junior High President's Message

One more year has passed for the Junior High students of St. John's. Aside from our academic studies, we've met new people, formed new friends, and renewed old friendships.

For some this is the final year of Junior High. Their education through Elementary and Junior High has been full of new and enticing experiences. It has molded them to realize that their further endeavours can improve their lives. Ideals of theirs have been raised to exalting heights. These graduating students will be entering another phase in their education - Senior High.

At this time, I would like to extend my deepest gratitude to Mrs. Witwicki and Mr. Margolis, our council advisors. I would also like to give a special thanks to Brian Bursten, our vice-president. My heartfelt thank you's must be expressed to all of the wonderful people who have supported me throughout the year.

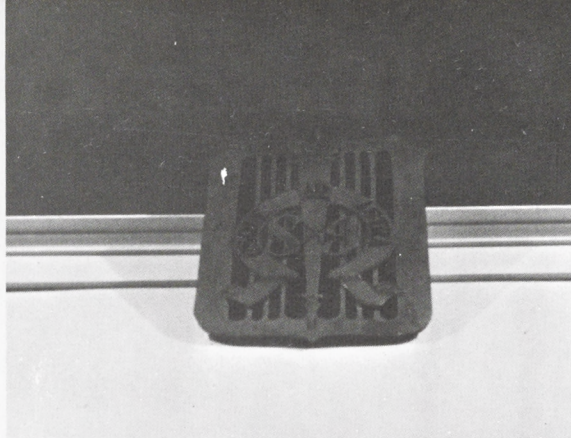

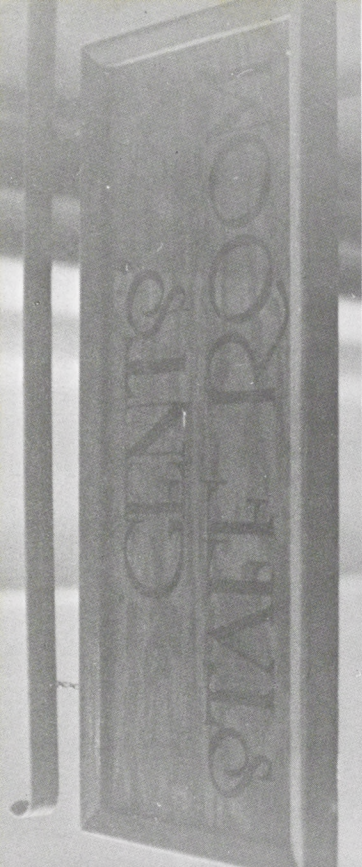

This year was quite successful and passed all too quickly. I found it exciting and full of new and enjoyable experiences. Being president gave me great feelings of pride and honour. This year has been one which I shall never forget.

Good luck and best wishes to all and may your future years be filled to the brim with excitement and joy.

Graduates

Graduation Day

Since they first began school, about 12 years ago, over 300 students have been looking forward to the day when they will graduate. May 26, 1967 was that day; the day of their graduation. In the afternoon, at St. John's United Church, in front of family and friends, they attended a service which marked the close of one era of their lives--their school days.

After the graduates were seated, the service began. Under the direction of Mr. Simpson the choir sang several selections with Elizabeth Honeybun and Jim Marnoch taking the solo parts. In addition to the presentation of awards to deserving students by honored and distinguished guests, many forgotten memories were revived by Mr. Ryckman of a year, and even 3 years, which had passed by so quickly. Myra Pidhirnyj, on behalf of all the graduates, bid a final farewell to a school which was like a home to so many. In his address

Myroslava Pidhirnyj

The 1967

Today we are gathered to bid a final and formal farewell to our Alma Mater--St. John's High. This is especially difficult for us to do because during the past three years, our lives have become closely interwoven with the cultures and traditions of St. John's.

We look back into the past with fondness, recalling the times we, members of various races and religions have participated together in school functions, overcoming the traditional barriers of mutual prejudices, distrusts and fears. Success has not been attained easily. "No dream endures against a distant day but that it falls unnumbered times to earth."

However, through kindness understanding, and the sharing of our problems, we have set aside our differences to achieve a common goal.

We have worked together in harmony and have cultivated many lasting friendships, friendships that we will treasure forever. For although friendships are something which can not be tabulated in dollars and cents, we feel all the richer in forming them.

Education is the development of knowledge, skill, ability, or character, by teaching, training, study, or experience.

Someone said that: "Education is what you have left when you have forgotten all you learned." Therefore, a good education need not necessarily mean a good report card, for even with top marks, many people are not considered educated.

Our education can only be considered complete when we have added to our studies--experience, for as the saying goes, "Experience is the best teacher." Educating oneself is somewhat like baking a cake. Besides the flour, you must add eggs, milk, sugar, and various other ingredients in order to make your cake a success. Similarly with our education; it is not enough to study and pass all your examinations.

We, the students of St. John's, were lucky, for through the many extracurricular activities offered, we have obtained experiences of many varieties. We have understood the value of co-operation with others and have had the chance to develop our individual talents in activities of our own choice.

These years of high school have left their unerasable impression on us, for it was during these years, the years of growing up and making adjustments, that we most needed guidance and leadership. These were readily offered us by our beloved parents, our dedicated staff of teachers, and by the administration. You

to the grads Dr. Shriar impressed upon them the importance of their responsibilities in this modern and changing world. The Torch, which had been proudly carried by the graduates was handed down by Lanny Simcoff, president of St. John's to Mark Iveniuk, president elect.

That evening, at the Highlander Curling Club, the grads got together for the last time. It was their Grad Dance. Most of them had decorated their cars, showing all of Winnipeg that they were students of St. John's and although the decision was difficult, the prize for the best decorated car went to Diana Rodeck and Alex Pursaga. A buffet dinner was served and afterwards, the grads danced to the music of Jimmy King and his orchestra. It had been a final farewell to friends and above all to St. John's and it was a memorable night for all, just as the past 3 years at St. John's had been.

have all helped, in these troubled years, to mold our characters. We hope that today you are proud of the completed products of your endeavours. To you all, we humbly extend our thanks, and we intend to prove to you in the near future that your efforts were not in vain.

Today, we stand upon the climax, the threshold of our lives. Up till now we have had your guiding hands to aid us. Now it is time for us to test our wings. Whether we fly or fall will be up to us. We realize that to make a success of our lives will not be easy in a challenging world as ours. In the near future it may be up to us to make drastic decisions concerning a social, economic, or political crisis that may be vital to our very existence. Will we make the right decisions? No one knows. But our education at St. John's has given us a fine start as a basis for the wisdom that we will acquire in time. With this deadly tool in our hands and with understanding in our hearts, we can go out into the world with determination, ready to conquer the unattainable heights.

As an anonymous author once wrote:

"I must go forth upon a pilgrim's journey
Along a strange and dimly hidden road;
I cannot see what joy or care
Is waiting for me there
Nor can I tell its length or test my load.
But this I know;
That faith will light my journey,
And mercy share the burden I must bring;
That love divine will ever tread the road with me,
And lead the pilgrim to the palace of the King.

Now we, like that unknown pilgrim, are setting forth upon that long journey into a strange world, a world full of hatred, fear, mistrusts, and oppressions. But our journey need not be dim and bleak, for our education is like a torch blazing into the darkness.

Let us hold that torch high and never let it falter. God grant us the strength and the wisdom to achieve our goals.

Activities

Students'

Folk Dancing

The Folk Dancing Club proved to be very active and enjoyable by all the students who attended. The dances were taught under the leadership of Miss Kostaniuk. In April the club put on some dances at the Centennial Concert which was held at the arena.

Drama

This year the Drama Club took a very active part in our school life. They elected a new president Miriam Schachter. They put on a presentation of "Beyond the Horizon" at The Theatre Across The Street. Thanks goes to everyone who helped make this year's club a success.

Maths

This year Mr. Solypa sponsored the Students' Maths Club. Mathias Laucht was the president. They had such guest speakers as Mr. Cross, Mr. Promislo, Mr. Melman, and others. Work was done with the Minivac 601 computer and the students had a busy year.

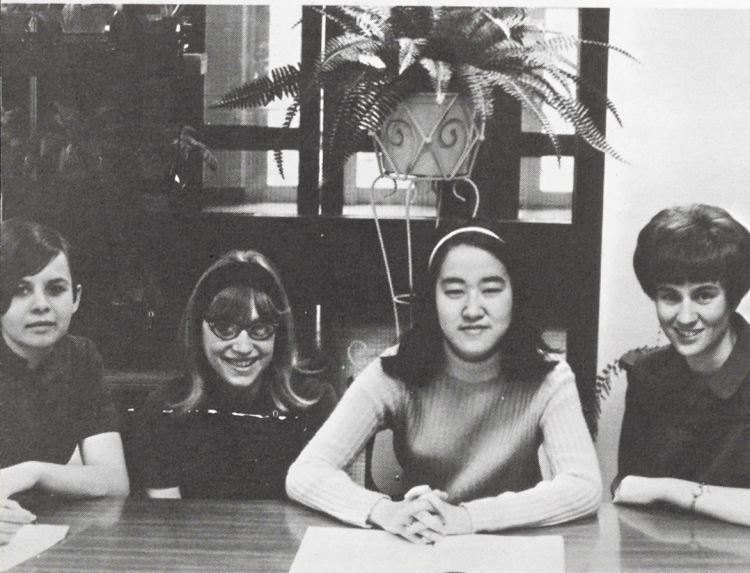

Chess

David Perlor was president of the Chess Club and Mr. W.P. Johnson was the teacher advisor. There was a tournament in the club and the winners went to the city championship tournament. This year's Chess Club was a success for all who participated.

Red Cross

The Red Cross Club has volunteers going to the Children's Hospital. They sponsored a car wash, and donated Christmas gifts to the Manitoba Training School. They co-sponsored a dance with the Torch in Nov. featuring the Action. The Club held a Valentine's Sale in the lunchroom. It was a very prosperous year for the club.

Clubs

Folksinging

President was David Freedman and secretary was Myra Pidhirnyj. This group gathered in the music room on Day 6. David Freedman and David Golub hosted the club with their guitar playing. The students joined in hootenanny style, singing folk songs--old and new.

Pep Club

The Pep Club was organized after Christmas. The purpose of the club was to encourage more student participation in school functions. The club made posters for various school activities. Bill Waisman was the president. In all, the Pep Club had a very good year.

Historical

Mr. Margolis was the teacher advisor for this year's Historical Club. The members of the club were enlightened by the orations of Mr. Margolis on topics ranging from Vietnam to Nato to Canadian politics. The club visited an Indian Reserve and Hutterite Colony.

Flying Club

The President was Brad Lowe. The club promoted an interest in knowledge of aeronautical careers. The Winnipeg Flying Club endorsed the program. Mr. Putnam feels that schools have a definite place in formal training.

United Nations Club

The president was Yaffa Rudnick, vice-pres. Paul Beaulieu. Staff advisors were Miss Vant, Mr. Herstein and Mr. Margolis. The club discussed problems the U.N. faced this year. Guest speakers included Mr. Reeves. Two members attended the MUNA conference. The club also collected for UNICEF.

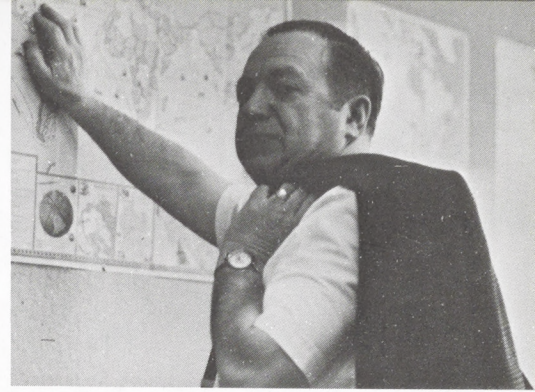

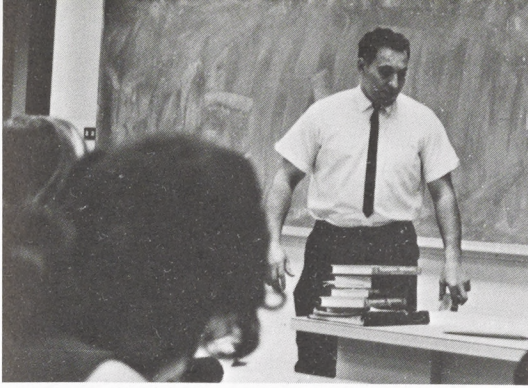

Centennial Club

This year the Centennial Club was organized as a special club for Canada's 100th birthday. Mr. Herstein was the teacher advisor and Alex Pursaga the president. The Club arranged and displayed old pictures of Winnipeg. This club met every Friday. It proved to be a success and an excellent Centennial project for St. John's High.

The Directors--Mr. Leaman, Miss Milgrom, and Miss Lusk

by Gilbert and Sullivan

Suddenly it was opening night and the months of rehearsals and preparations were being put to the test. Anxious eyes peering out of greasy painted faces waited expectantly as the curtain rose to the delightful air of the "Gentlemen of Japan".

And so it was from the first bars of the overture to the last finale, that the cast held their audience spell-bound, sympathizing with young Nanki Poo in his passionate love for the fair Yum Yum, and despising Katisha for attempting to break up the match.

As is usual in comic operettas, justice triumphed in the end, with the union of Nanki Poo and Yum Yum, and of Kako, Lord High Executioner, and Katisha.

Loud clapping, wolf-whistles, and the stamping of feet greeted the cast as the curtain fell. The opening night had been a smash hit. And so it continued throughout the week of March 21-24th, with each evening's performance surpassing the preceeding one.

The tears on closing night were an evident sample of the congeniality which had grown among the cast and crew during the months of practice.

Many thanks are due to a great many people for their aid in making our operetta a success and especially to Miss Milgrom and the late Mr. Leaman for giving us the opportunity to cultivate our love of Music. To you our heart-felt thanks!

Mr. Leamen

Mr. Leamen was with us only a few months and yet he will never fade from the memory of those who knew him, for he left an indelible impression. Who of us will not recall the early morning operetta practices and the individual attention he gave us in his own home? Who will not recall the innumerable kindness and considerations which were in his nature to perform spontaneously? We who had the happy experience of working with him, loved him for his patience, enthusiasm and his love of music.

And though it seems tragic that his time with us should be cut short, we at the same time must consider ourselves fortunate for having had the opportunity to form an association with such a man as John Leamen.

Miss Milgrom

In the five years that Miss Milgrom has been at St. John's, she has taken charge of all the Jr. High School and classroom choirs, various ensembles, and the band and orchestra. Somehow she has also found the time for individual lessons. She has always been very active in the Manitoba Music Festival, and many of her entries have won honours there. Her year is a hectic one, planning and rehearsing for various concerts, band tours, festival, and operetta. Besides all this, she manages to conduct the Greater Winnipeg School's Orchestra in her spare (?) time. Yet no matter how busy, Miss Milgrom is never in too much of a hurry to take an interest in each individual. We'd like at this time, to thank her for the tremendous amount of valuable time and energy which she has devoted to music at St. John's.

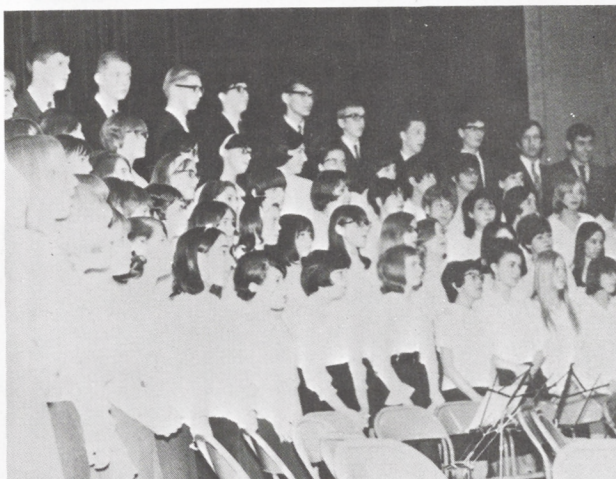

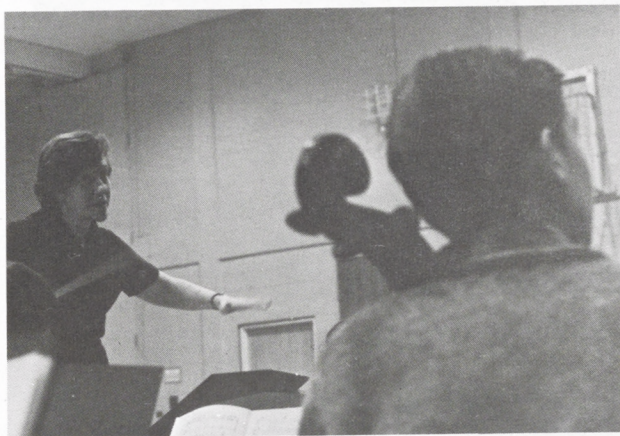

We'd also like to express our appreciation to Miss Lusk for her help in the operetta.

"Action" at the Sock Hop.

The "Devrons" at the Techonian Dance.

The "Action" at the Torch Dance.

Torch Dance

The "Torch Dance" was held on the evening of November 25, 1966. The "Action" played to a good-sized audience which brought in a fair profit for the Torch funds. The "Torch Dance" was organized and presented by the members of the "Torch", the St. John's High yearbook.

Techonian Dance

The annual "Techonian Dance" took place Friday, February 3, 1967. Entertainment was provided by the "Devrons". Some 500 odd students were present, netting the "Techonian" a profit of over \$100, enough to keep the "Techonian", our school paper in business.

Red Cross and Torch Sock Hop

The Sock Hop was the first noon hour dance of the year. The group was the fabulous "Action". Our great friend from C.K.R.C., Ron Legg, was the M.C. There was a good turnout and the total amount collected was \$140.80. The dance proved to be enjoyable and a financial success.

The "Wrath of Tyme" at the Sweetheart Ball

Freshie Dance

On Oct. 14, 1966, St. John's held their first dance, the annual "Freshie Dance", to the sounds of "Nobody's Children". The highlight of the evening was the crowning of this year's Freshie Queen, Elizabeth Zdrill, and the Princesses, Pam Kaprowy and Carol Watters.

"The Haunt"

On Oct. 28, 1966, the first Junior High dance, "The Haunt" was held to the music of the "Elastic Band" who substituted for "Terry and the Gentry". This dance proved to be one of the best Junior High dances that was ever held in our school.

Sweetheart Ball

The second Junior High dance was the "Sweetheart Ball", held in February, 1967. The main attraction of the evening was the crowning of the Sweetheart King and Queen. Patrick Savage was chosen Sweetheart King, and Donna Dul was chosen Sweetheart Queen.

Elizabeth Zdrill is crowned Freshie Queen.

Sophomore Dance

After a hectic week of campaigning in the halls of St. John's, Irene Rymowicz and Ian Schaeffer were crowned the new Soph Queen and King for 1967, by last year's royalty, Joanne Harrison and Jonathan Levin. The annual Sophomore Dance was held this year on April 21.

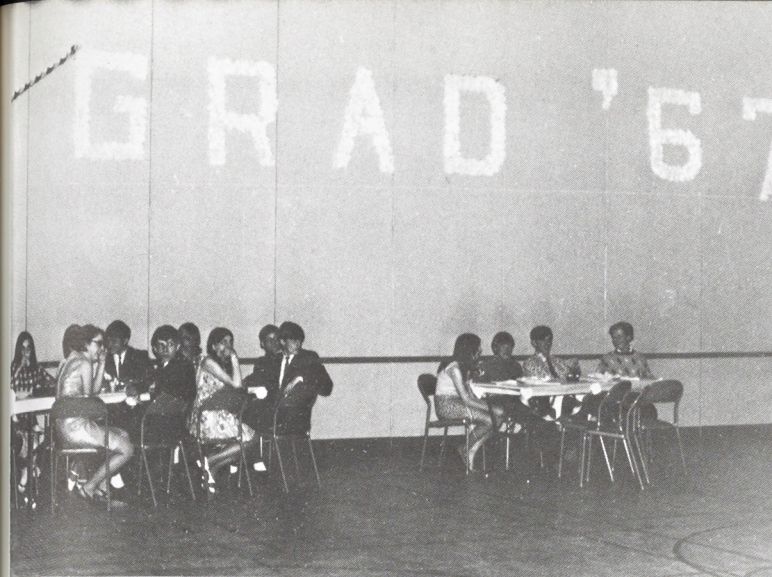

Grade Nine

The Junior High Awards Day was held on June 5 with Mr. McFarlane officiating. The top students in each grade received School Board Book Awards and their names, room numbers and averages are as follows: GRADE VII - Joey Jaskiewicz (Rm. 115 - 88.6%), Sheila Harrison (Rm. 130 - 88.4%); GRADE VIII - Diane Szelag (Rm. 205 - 96%), Reeva Finkel (Rm. 109 - 91.3%); GRADE IX - John Van Schyndel (Rm. 209 - 94%), Heather Cheesman (Rm. 104 - 90.2%).

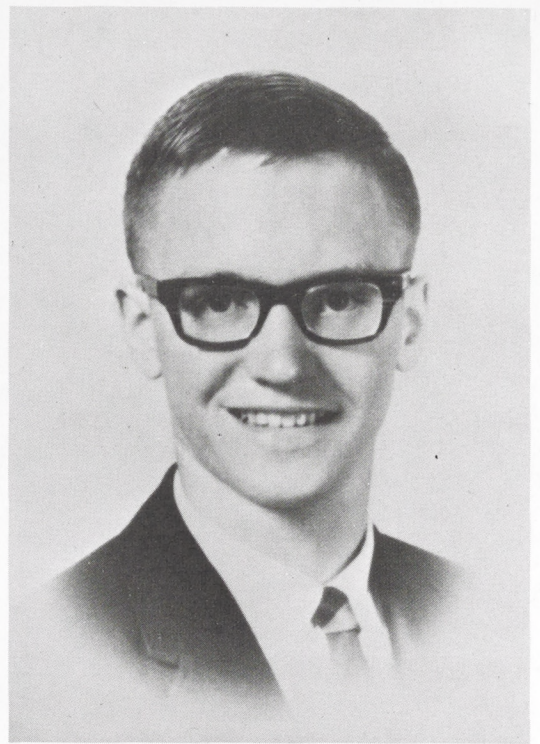

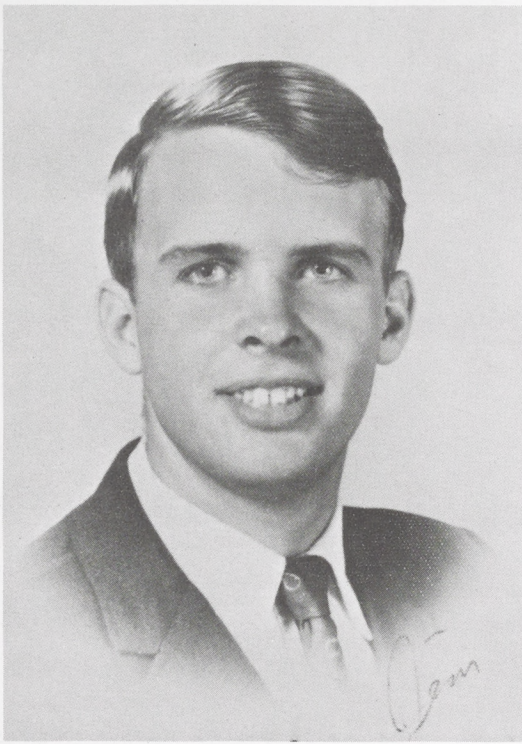

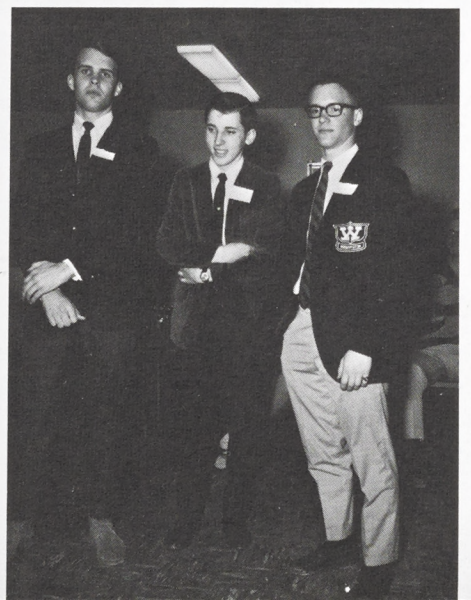

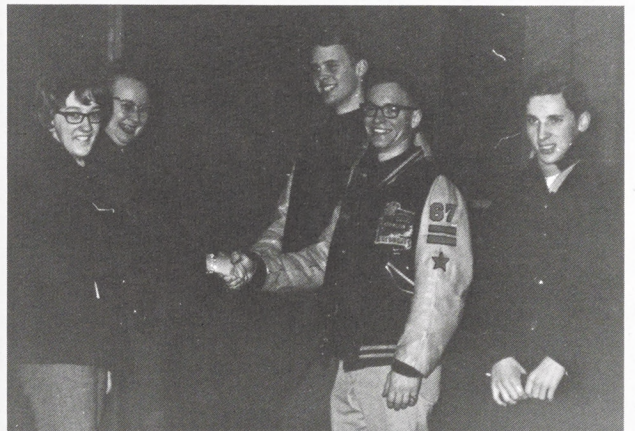

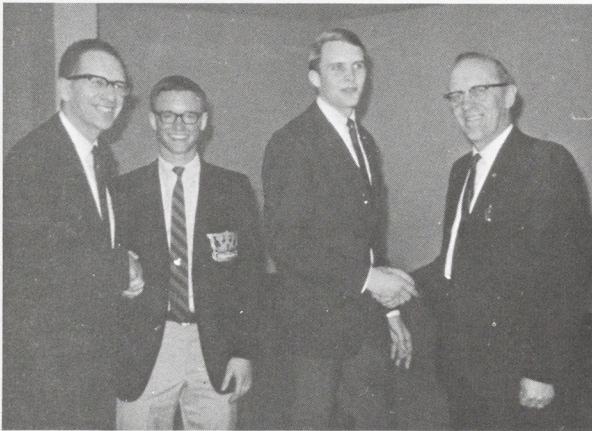

Graduation

The Junior High Graduation Dance was held on May 19, 1967 with Dante and the Infernos providing the music for the evening. The annual Teachers' Awards were presented by Penelope Hapichuk (Junior High President). They are as follows: Rexall Award - Miss Hyman, James Beard Award - Miss Endersby, Most Understanding Teacher Award - Miss Lusk, Dear Abby Award - Mrs. Witwicki, The Most Tolerant with Gaidoshis - Mr. Slobodian, Church-goer Award - Mr. Humniski, The Kraft Kandy Kitchen Award to the sweetest guy around - Mr. Margolis. The grades were allowed to bring guests and all enjoyed the dance.

The May Election

This year, for the first time at St. John's, a Spring Election for next year's heads of the Senior High Student Council was held. The new president and vice-president were elected at this time so that the 1967-68 school year could begin with the representatives of the student body already in office. The deadline for nominations was April 28, showing a field of three candidates, Mark Iveniuk, XI-202; Christiane Laucht, XI-222; and Jody Leven, XI-222. Each of the campaigning staffs tried, for the following week, to convince the students of Grades 9 to 12 that theirs was the candidate to vote for.

An assembly was held on May 3 with the candidates being introduced by their campaign manager, then presenting their views on what improvements could be made at St. John's under their administration. Voting was held on May 4, on a transferable ballot. Mark Iveniuk won on the first count, with Jody Leven being elected the new vice-president. The boys agreed that they would like to bring back Freshie Day and sponsor more school dances, but differed in their opinions of political clubs, compulsory Techonian fees, and ideas of personal grooming. All in all, next year promises to be an interesting one.

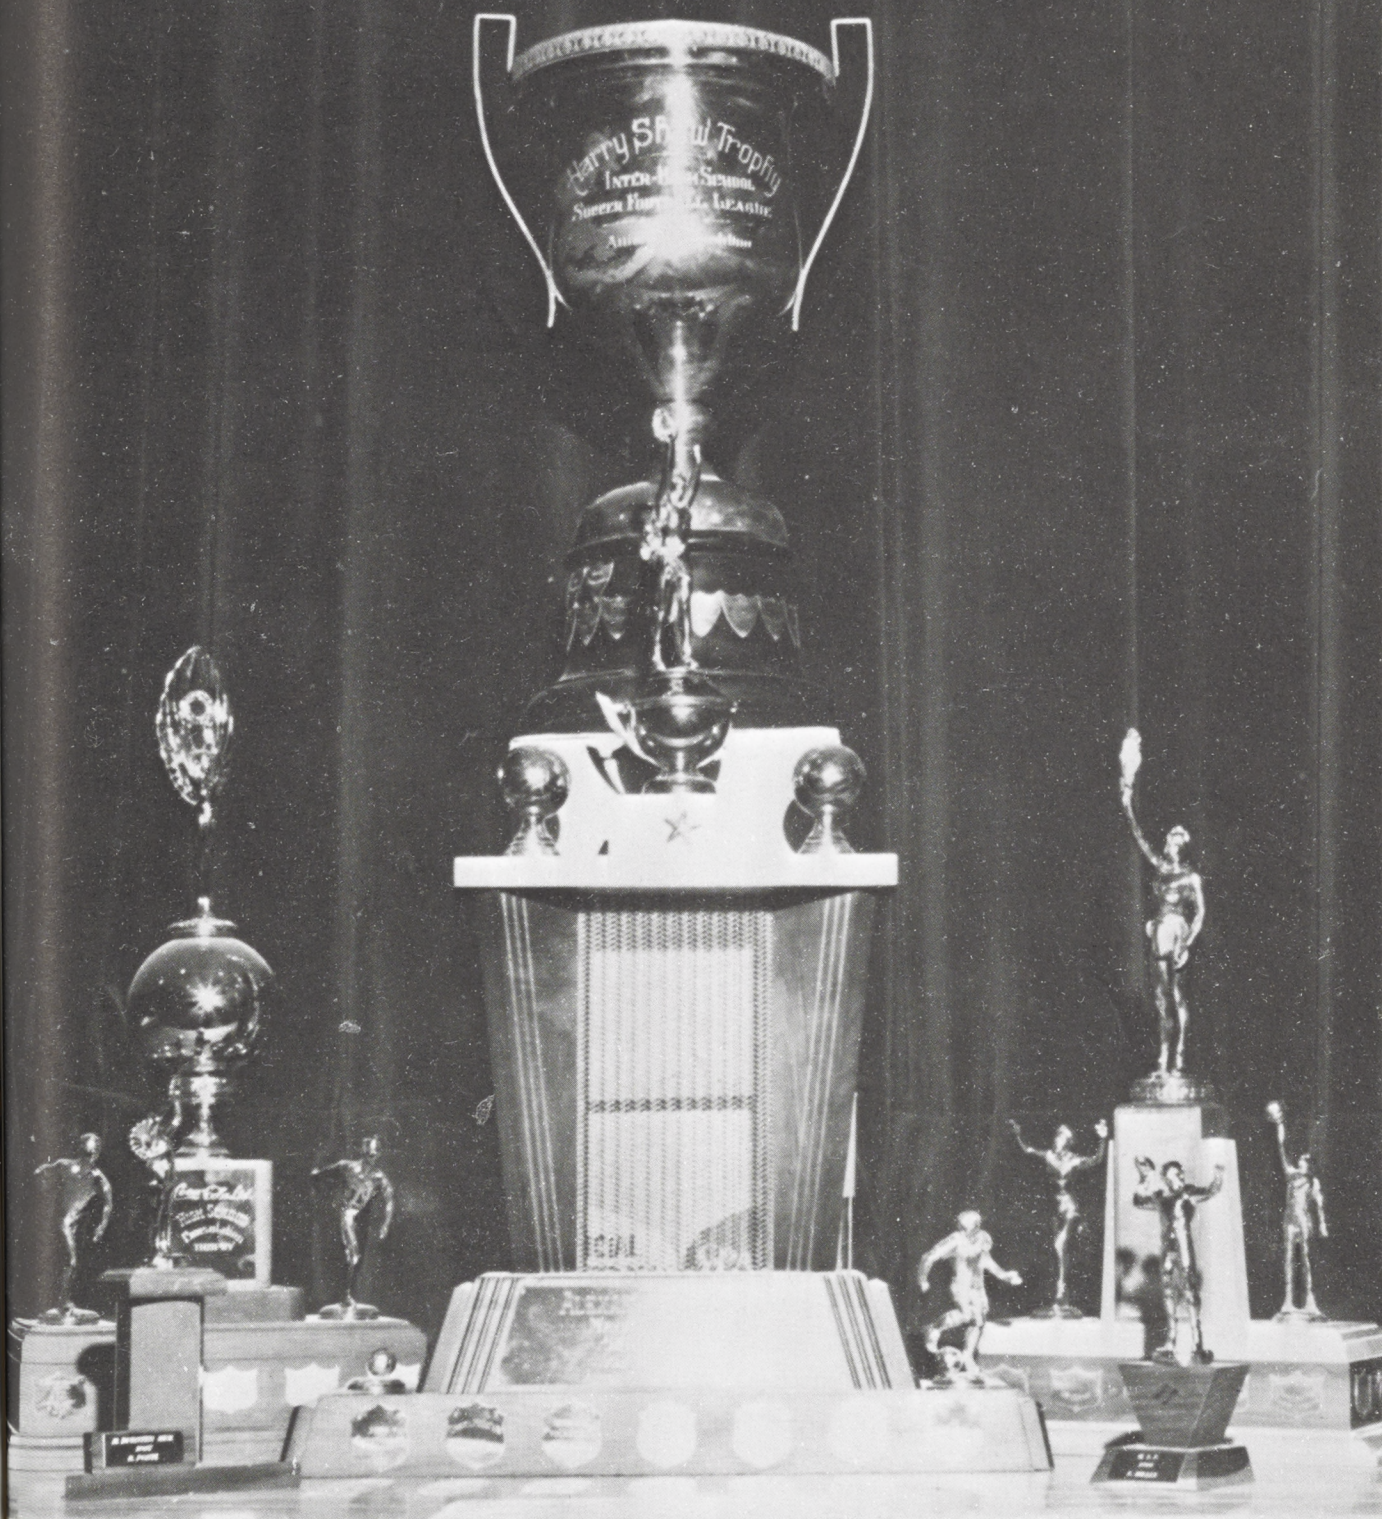

TOP TO BOTTOM: Mark Iveniuk, president; Jody Leven, vice-president; Christiane Laucht, runner-up.

FROM LEFT TO RIGHT: Mark Iveniuk, candidate; Myroslava Pidhirnyj, speaker for Mark Iveniuk; Jody Leven, candidate; Jon Levin, speaker for Jody Leven; Christiane Laucht, candidate; Brenda Grushko, speaker for Christiane Laucht; Mr. Ryckman, principal.

Ray Bursten Memorial Trophy

The 1967 recipient of the Ray Bursten Memorial Trophy is Ron Postl. This trophy is awarded annually to a graduate who maintains a good academic average and who is considered the most gentlemanly athlete in St. John's.

Ron played wing on the Varsity Soccer team and was certainly one of the leading members, helping to guide the team to victories in the City and Provincial Championships. As a guard on the Varsity Basketball team, Ron earned his share of points which helped the team capture the City Championship. Although the Varsity Volleyball team did not win any championships, Ron's fine spiking helped make it in stiff competition. Ron was also an active member of the Badminton Club. Even though Ron was occupied with all these activities, he still had time to coach a girls' volleyball team; to go on a student exchange; and to maintain a respectable average.

Dingwall Trophy

This year, as in the past, the Dingwall Trophy was given to the girl at St. John's with the most athletic ability in track and field. The recipient of the award, Micheline Duda, is the only girl to have won it two years in a row. She achieved this by earning 32 points at St. John's Field Day, coming first in ten events and second in an eleventh; by competing at Inter-High Field Day, she took second place in the 60 and 100 yard dashes and in the 60 yard hurdles; in Provincial competition, she won second place in the Intermediate 220 yard dash. During the fall and winter, Micheline competed in indoor track meets in the 320 yard dash and ran anchor in the 8 by 160 yard relay.

Good luck in all your pursuits, Micheline!

St. John's Track and Field Award

The St. John's Track and Field Award, which is not an annual trophy, is given to a boy who makes an outstanding showing at Inter-High and Provincial Field Days. This year's deserving recipient, Les Lisowski, shone in the discus and shot-put events. At Inter-High, Les came first in the shot-put, heaving the shot 47'3" and showed his supremacy over Curtis Nordheim, who had won the event for the previous two years. He also placed first in the discus. At the Provincial Meet, he finished second in the Senior shot-put. He then won first place in the discus throw with a toss of 136'9", missing the record by 7".

During the year, Les also did well, placing second in the shot-put at the Red River Relays.

Well done, Les! Keep it up in the future!

Boys

The Cross-Country events were held at West Kildonan, Sisler, Churchill and Old Man's Creek. There was a good turn out of boys for the team. Unfortunately the boys did not win any of the meets but they did their best and gave it all they had. Mr. Taskmaster*Pastuck tried to lead the boys to victory by helping them as much as he could.

* -- quoted from The Winnipeg Tribune.

Girls

The Cross-Country season started on Sept. 21st with a meet at Kildonan Park in which St. John's girls placed first. Six meets were held altogether at points in and around Winnipeg, such as Assiniboine Park, Sisler and Churchill. The team started training early in September and ran well. However as the season progressed, the victory level dropped. Top runners were Linda Couper, Helen Ptasznik, Micheline Duda, and Linda Lenio.

Two indoor track and field meets were held this year, the Red River Relays in January and the International Meet of Champions late in February. Good showings were put on by Micheline Duda, who finished fourth in the 320 yard dash, and by the 8 x 160 yard relay which made it to the finals in the Red River Relays and came in a very close fourth. Members of the relay team were: Julie Haluszynski, Linda Lenio, Barbara Rekrut, Barbara Banack, Linda Couper, Annemarie Litschke, Joanna Ehrlich, and Micheline Duda.

Goldstein Trophy

Randy Miller was selected for the Goldstein Trophy which is emblematic of the most valuable player. He was an outstanding offensive halfback and broke away many times to score. His fine speed together with tremendous power enabled him to score when the going seemed hopeless. He led St. John's in the scoring, getting 8 T.D.'s. He played on defense and distinguished himself. Along with all his football abilities Randy has something many other fine football players lack, a never quitting attitude. When the going is rough, Randy is the spark plug behind the team. There is no doubt that this student is worthy of this trophy and I'm sure he will go onto bigger and better accomplishments.

Varsity Boys' Soccer

BACK ROW: Mr. Turner, Harry Szkwarek, Morris Matviychuk, Jack Kahan, Les Lisowski, Ron Postl, Gerry Steinman, Marian Lis, Alex Luschyk, Doug Charles. FRONT ROW: Mike Kupfer, Greg Berko, Peter Szajkowski, Steve Meszaros, John Harrison, Clarence Drebit, Sheldon Tabac.

The Varsity soccer team came through this season to win three championships which consist of: Metro Championship, City Championship and Provincial Championship as well as winning their Division Championship. Mr. Turner continuously trained and drilled the boys to lead them to victory. The team was led by Istvan Meszaros, the team captain. Istvan finished the season with 16 goals. The games were played through all imaginable weather conditions. The team would like to thank Mr. Turner for his participation and his dedication towards the Varsity Soccer team. Good Luck to the boys and may they bring back more trophies.

This year the spirit of St. John's flourished with your enthusiasm. Let's keep it up in the future, gang!
